Introduction

Thank you for purchasing a FINSix DART-C laptop charger. You can now bid farewell to the days of anchoring your laptop to a big brick, and enjoy the world's smallest and lightest charger.

Your FINSix DART-C charger has an innovative design that uses the highest quality components to ensure maximum safety and efficiency.

The DART-C charger includes a DART and a DART USB-C cable, and is designed to be compliant with the USB Type-C specifications and as such is capable of supplying 5V at 3A, 9V at 3A, 12V at 3A, 15V at 3A and 20V at 3.25A

The DART USB-C cable has the added convenience of a built-in fast charge 2.1A USB-A port. You can use this USB-A port to charge popular USB-A devices like cell phones, tablets, MP3 players, headphones, etc.

Important: Safety Information

To ensure your safety and the continued operation of your DART-C, please:

- Do not expose your DART-C to rain, liquids, or moisture. It may cause a shock hazard.
- Only use in well-ventilated areas. The maximum ambient temperature must not exceed 105° F (40° C).
- Do not open the DART-C casing for any reason. Doing so will void the warranty.
- Avoid dropping, throwing, smashing, or putting anything on top of the DART-C.
- Avoid pulling on the cords and cables. Always grip the DART's enclosure firmly when unplugging from the power source. Never force a power tip into a laptop/device.
- Avoid electrical hazards. Be sure to unplug the DART from its external power source before attaching the powertip.
- Ensure socket/outlet is near and easily accessible to the DART-C.

WARNING: Using the wrong power tip may damage your laptop.

Stop using the DART-C and contact support at www.FINsix.com/support if:

- The DART or the DART-C cable show signs of damage or deformation.

- The DART-C shuts down when it is plugged into the laptop/device (LED changes from On to Off).
- The DART-C gets too hot to touch.

Package Contents

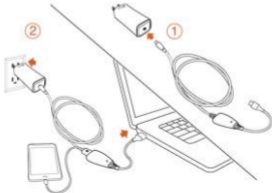

- (A) DART laptop charger
- (B) Removable 6-ft. USB-C cable with inline 2.1A USB-A port
- (C) Travel pouch
- (D) Safety Notice

Charging Your Laptop

It is important that you use the DART-C charger with devices that are compatible with voltage and current shown in the “Technical Specifications” section and are compliant with the USB Type-C™ specifications.

The DART-C comes with a 2.1A USB charger built into its 6-ft. cable. The orange LED on the USB port will be ON when the DART is correctly plugged into an AC outlet/socket and is ready to charge.

1. Attach non-USB-C end of the cable to the DART properly.
2. Plug USB-C end of the cable to your laptop power slot and plug the DART into the socket/outlet.

CONGRATULATIONS! You are now charging your device with the world's smallest and most advanced laptop charger.

Troubleshooting & Support

If your device is not charging or operating properly, take the following steps:

1. Verify selected outlet/socket is functioning properly.
2. Verify the orange LED on the DART-C's cable is lit (On).
3. Try charging a USB-A device using the USB-A port on the DART-C cable to verify that the DART is functioning correctly.
4. Disconnect and reconnect the DART-C. Check that all connections are secure.
5. Verify the laptop is functioning correctly by using another compatible charger.
6. If you are still experiencing problems, contact us at: finsix.com/support.

Warranty

FINsix Limited Warranty

FINsix warrants the DART-C Laptop Charger against defects in materials and workmanship under normal use, as described in this User Guide, for a period of TWO (2) years from the date of original purchase. If a defect arises during the Warranty Period, FINsix at its option and to the extent permitted by law will (1) repair the product at no charge, or (2) exchange the product with a functionally equivalent product that is new or refurbished, or (3) refund the original purchase price. This warranty excludes any damage to the DART-C Laptop Charger that results from normal wear and tear, abuse, accident, misuse, natural disaster, insufficient or excessive electrical supply, abnormal mechanical or environmental conditions, or any disassembly, repair or modification. This limited warranty shall not apply if: (i) the product was not used in accordance with the User Guide, or (ii) The DART-C was not used for its intended function. This limited warranty does not apply to any

DART-C Laptop Charger that results from normal wear and tear, abuse, accident, misuse, natural disaster, insufficient or excessive electrical supply, abnormal mechanical or environmental conditions, or any disassembly, repair or modification. This limited warranty shall not apply if: (i) the product was not used in accordance with the User Guide, or (ii) The DART-C was not used for its intended function. This limited warranty also does not apply to any DART-C on which the original identification information has been altered, obliterated or removed, or that has not been handled or packaged correctly. This warranty is available only to the original purchaser of the product and is not transferable. This warranty excludes any DART-C Charger that is found to be counterfeit. Unless otherwise agreed to by FINSix through its Customer Service Representative, you will be responsible for all costs, and risk of loss, shipping the DART-C to FINSix in connection with obtaining warranty service.

TO THE EXTENT PERMITTED BY APPLICABLE LAW FINSIX IS NOT LIABLE FOR ANY DIRECT, INDIRECT, INCIDENTAL, PUNITIVE OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR SERVICE OF THE PRODUCT. THE WARRANTY AND REMEDIES DESCRIBED ABOVE ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, REMEDIES

AND CONDITIONS, WHETHER ORAL, WRITTEN, EXPRESS, STATUTORY OR IMPLIED. TO THE EXTENT PERMITTED BY APPLICABLE LAW FINsix DISCLAIMS ALL IMPLIED AND STATUTORY WARRANTIES, INCLUDING WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. IF IMPLIED WARRANTIES CANNOT BE DISCLAIMED, THEN SUCH WARRANTIES ARE LIMITED TO THE DURATION OF THIS WARRANTY.

Any recovery is limited to the original purchase price. No other person is authorized to modify this limited warranty, and your seller is solely responsible for any other warranties. Some states do not allow limitations on how long an implied warranty lasts, or allow exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state.

How to get warranty service. Contact FINsix customer support at www.FINsix.com/support within 15 days of the problem giving rise to your claim and follow the instructions for making a warranty claim. You will need to provide the following information: (a) the model number and serial number (located between the DART-C's prongs).

(b) when and where you purchased the product; (c) an electronic copy of original receipt; and (d) a daytime phone number at which FINsix can contact you. Your FINsix Customer Service Representative will then contact you to obtain details about the problem with your DART-C and provide you with instructions on how to proceed with your claim.

Technical Specifications

Specification:	Values:
Input	100 – 240VAC; 50-60Hz, 1.5A
Output:	5V at 3A, 9V at 3A, 12V at 3A, 15V at 3A, 20V at 3.25A
Output Power:	65W
USB-A Output Voltage:	5.0V, 2.1A
Unit Dimensions: (DART-C has sloping design; Top = cable slot; Bottom = AC power)	L: 70mm W: 30mm D: 24.5mm
Weight:	85g
Storage Temperature:	-40° C to 85° C
Operating Temperature:	0° C to 40° C
Operating Relative Humidity:	up to 85%

Legal Notices

FCC Regulatory Compliance: This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

FCC Statement: Tested to Comply

This equipment has been tested and found to comply with the limits of a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna;

- Increase the separation between the equipment and receiver;
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected;
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not authorized by the party responsible for compliance could void the user's authority to operate the product.

Industry Canada Statement: Complies with the Canadian ICES-003 Class B specifications. This device complies with RSS 210 of Industry Canada.
